INTERNSHIP

Python Programming

Jun 2024 - Sep 2024

CODE ALPHA

- Successfully completed a 3-month online internship focused on core Python programming, covering topics like **OOP**, **file handling**, and **data structures** through hands-on tasks and mini-projects.
- Strengthened **problem-solving** and **debugging skills** by developing a Python-based project and participating in peer reviews and collaborative learning.

COURSES & CERTIFICATIONS

simplilearn | SkillUP

- Introduction to Data Mining June 2025
- Introduction to Artificial Intelligence May 2025
- Introduction to Prompt Engineering May 2025
- Introduction to NoSQL Databases June 2025

Infosys Springboard

- HTML5 – The Language Mar 2025
- Networking and Web Technology Mar 2025
- Basics of Python & Database Management System May 2024
- Basics of Python Nov 2023

HackerRank

- Java (Basic) Skill Certification May 2025

IBM SkillsBuild

- Getting Started with Artificial Intelligence Feb 2025

IIT Madras

- Workshop on Artificial Intelligence Apr 2024

PROFILE

Enthusiastic IT student with hands-on experience in **Python**, **SQL**, **Java** and **AI**, seeking opportunities to apply technical skills and grow as a **software professional** through meaningful industry exposure.

EDUCATION

B.tech in Information Technology 2022-2026

E.G.S Pillay Engineering College, Nagapattinam

CGPA: 8.50*

Higher Secondary Certificate 2021-2022

Govt Hr Sec School, Peralam

Percentage: 85%

Secondary School Certificate 2019-2020

Sri Sankara Matric Hr Sec School, Peralam

Percentage: 93%

PROFESSIONAL SKILLS

- Python
- Database Management
- Java
- Web Development
- App Development

PROJECT

Team Leader

Crowdsourced Delivery App

● NIT Trichy

- Cybersecurity and Ethical hacking Mar 2024

● AWS Training & Certification

- Aws Cloud Practitioner Essentials Nov 2025

● Research Paper Presentation

- Presented a research paper on sentiment Analysis of incoming calls on helpdesk at ICIRET-2026 International Conference Mar 2026

● NON TECHNICAL SKILLS

- Communication skills
- Ms office (Excel,word)
- Time Management
- Teamwork
- Problem Solving
- Computer skills

- Built an Android app using Java and Firebase for handling delivery requests, user login, and real-time data storage with a clean XML-based UI.

Sentiment Analysis Of Incoming Calls On Helpdesk

- Developed an AI-based system for analysing customer emotions from incoming calls using NLP and speech-to-Text techniques and this uses python and machine learning concepts for audio to text processing.

Plastic Detector using Artificial Intelligence

- Built an AI-Based Plastic waste detection system using machine learning and image processing to identify plastic materials and support smart recycling solutions.
